TECHNICAL DATA SHEET

PROTEAN CHAIN SPRAY
F408

Description

PROTEAN Chain Spray is a NSF: H1 registered, highly tenacious, food grade chain spray lubricant designed to keep chain and drive systems operating smoothly. Being both non-toxic and water resistant, PROTEAN Chain Spray is ideal for use on food conveyor systems where frequent washing down is required.

Suitable for use in Packaging, Pharmaceutical and other cleanroom environments.

Benefits & Features

- NSF: H1 registered
- Non-toxic
- Water resistant ï withstands washing
- Formulated with anti-fling additives for effective use on fast moving components - will not drip off
- Anti-corrosion additives
- Withstands high temperatures
- 360ęvalve for inverted use

Directions for Use

- Store out of direct sunlight and below +50ęC
- Consult the safety data sheet prior to use
- Shake aerosol well before use
- Clean area to be sprayed of all dirt and contaminants prior to use
- Spray in short bursts, from a distance of 15-25cm away from the intended area/surface
- Allow the grease to penetrate for 5 minutes and wipe off any excess before use

Technical Data

Category	H1 (lubricant with incidental food contact, for use in and around food processing areas)
NSF Certificate No.	139272
	Does not contain any genetically modified ingredients, nut oils or animal derivatives
Appearance	Off white / Creamy colour grease
Odour	Virtually odourless
Propellant(s)	Propane / butane / isobutane
Flammability	Extremely flammable aerosol
Storage	Below 50˚C
Flash Point	-60˚C
Temperature range	-20 to +200˚C
Relative Density	0.92
Solubility	Insoluble in water
Pack Sizes	12 x 400ml cans
