

Description

Powerful Vehicle and Air Con Sanitiser

Benefits and Features

Powerful vehicle and air con sanitiser with antibacterial and deodorising properties, effective for killing germs and viruses inside the vehicle and air con system. Enter the vehicle after 20 minutes to find every area in the vehicle fully sanitised and smelling fresh, also leaving an antibacterial coating on every surface that evaporates during the 20 minutes you are waiting leaving no residue. Fully tested to BS EN 1276, BS EN 1650 & BS EN 14476.
x1 150ml Can does 2.3m²

Where to Use

Perfect for use in cars, trains, aircraft, truck cabs and more.

Instructions For Use

1. Shake can well before use
2. Close all windows on the vehicle
3. For full air con sanitation, activate the air con and turn to the lowest temperature, then enable the air con recycling setting
4. Place the can upright in a central place within the vehicle
5. Press and lock the total release button, then exit the vehicle, and close the doors
6. Leave for 20 minutes and ensure the vehicle is locked
7. Re-enter after 20 minutes allowing for ventilation if necessary
