#### Disclaimer

The data sheet is based on personal knowledge and experience and is given as a guideline to its possible uses. It does not take into account variables or conditions out of our control that can affect our product in any way. It is the users' sole responsibility to ensure that the product is suitable for the purpose for which it is being used and this data does not in any way form a warranty. If you are unsure of its suitability please contact us and we will be happy to discuss your needs and supply a sample for testing if required. New Tech Lubes Ltd is committed to supplying the best products and may therefore change the information in this specification at any time.

Available Sizes
400g Cartridge
500g pot
1kg pot
5kg pail
12.5kg pail
25kg pail
50kg keg

Available Grades
NLGI 2

Physical Characteristics	
Min/Max Temperature	-10 °C to 150°C
Colour	White
Drop Point	195°C
Penetration	265 - 295
Consistency	Smooth Paste
Water Resistance	Excellent
Corrosion Resistance	Excellent
