

## Description

TYGRIS ENGINEER'S WIPES have been specifically developed for use where the removal of grease and grime is an everyday challenge. Very effective for the fast removal of dirt, grease, oil, ink and petrol from hands, tools and surfaces.

These large, strong and absorbent hand wipes contain a powerful heavy-duty cleaner which is proven to remove tough stuff whilst remaining safe for use on hands. The dual textured material, abrasive one side, softer the other, provides the mechanical scrubbing action required to remove stubborn dirt.

ENGINEER'S WIPES will even clean up adhesive, bitumen, expanding foam, expoxies, jointing compound, mastic, paint, polyurethanes, polyester fillers, sealants and many other wet and semi-cured substances.

The addition of an aloe vera based moisturiser helps condition the skin, preventing dryness and cracking. No rinsing of the hands is required, making ENGINEER'S WIPES not only a safe hand wipes but also an everyday essential for the workshop or on site.

## Benefits & Features

- Highly absorbent material
- Dual textured to aid scrubbing/removal of stubborn dirt
- Specially formulated to remove common contaminants found in most trades and industries
- Anti-bacterial by design and contains aloe vera for conditioning of the skin and with no rinsing required
- Effectively removes grease and grime, and oily substances

## Directions for Use:

Remove lid from bucket and locate the start of the wipes in the centre of the roll. Feed the wipes through the centre of the lid and then reattach the lid to the bucket. Pull wipes through as required. To prevent wipes from drying out, close cap in lid immediately after use. Use only as directed.

## Technical Data

|                  |   |
|------------------|---|
| Appearance:      | Orange/White perforated wipe  |
| Material:        | 280mm x 250mm (wipe size) 42gsm (dry weight of wipe)  |
| Odour:           | Citrus  |
| Liquid Contents: | See tub label for ingredients   |
| Storage:         | Store in the original container in cool dry conditions between 5°C and 25°C                             |
| Shelf Life:      | Approximately 12 months from date of manufacture when stored away from direct sunlight                  |
| Health & Safety: | Consult Safety Data Sheet (available @ <a href="http://tygrisindustrial.com">tygrisindustrial.com</a> ) |
| Pack Size(s):    | 111 wipes per TYGRIS bucket, 4 buckets per box  |
