3. PROTECTION LIMIT

- Users should be warned that gloves should not be worn where there is a risk of entanglement by moving parts of machines.
- Glove does not contain any substances at levels that are known to, or suspected to, adversely affect user hygiene of health.
- Protection against risks or hazards which are not mentioned in this document is not warranted.
- Performance levels mentioned are only valid for the palm of the glove.
- Performance levels mentioned are only valid for new gloves, not washed, nor regenerated.
- These levels of performance are obtained from tests done according to conditions defined in the applicable standards.
- This glove shall not be in contact with fire.
- Before use, the glove shall be visually controlled, in case of deterioration the gloves must be scrapped (abrasion, cut, tear etc.)
- For gloves with different layers of material, the performance levels are warranted only for the whole glove.

4. STORAGE & CLEANING NOTICE

- Keep in its original packaging, store in a clean dry location. Clean in warm soapy water if required.

ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.

Note: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice. Important: No Liability is accepted for incorrect use of this product.

Warranty: Guarantee is 12 months from purchase date, proof of which is required for any claim.
